CAUTION:

Cross Country skiing/snowshoeing have inherent risks. Stay in control and be aware of your physical limitations. Know & observe your responsibility code, & NH ski laws. Observe all signs, markings and warnings. Check in at the shop before skiing/snowshoeing, and be sure to check the posted conditions. Verify that the trails are open. Passes required for trails. Ski/Snowshoe safely and at your own risk. Stop at all road crossings, and remove skis or snowshoes and walk across the road.

During the winter season, use of the trails requires either skis or snowshoes. Please do not walk on the trails as walking without skis or snowshoes damages the snow surface and significantly impacts the skiing experience. Dogs are not allowed on any of the trails, but can be walked on both of the parking lots and along the road.
